

# Leoni 4 Column

Radiators  Direct

48 - 72 hours for white  
10 working days for colour

10 Year  
Guarantee

25 RAL colours  
8 Special Finishes

# Overview

Part of our best-selling Leoni range, the Leoni Steel 4 Column Radiator is held in stock and also available in 2 and 3 column formats. Available in 61 different size configurations this range boasts huge versatility. Supplied with wall brackets with the option of feet means this radiator can either be wall or floor mounted to suit any interior.

Made in Italy, these designer radiators are powder coated in White RAL 9016 as standard but come in a wide range of other finishes. Each section is laser welded to ensure long-lasting durability and is backed up by a minimum 10-year guarantee.

Lightweight and easy to install, with options for both vertical and horizontal installations, the Leoni Steel Multi Column range suits both contemporary and traditional interiors.

- Italian design & manufacture
- Steel multi column radiator
- 6 heights and 13 widths to choose from
- White RAL 9016 as standard
- 25 RAL colours & 8 special finishes available
- Available in horizontal & vertical
- 48 - 72 hours delivery for white
- 10 working days delivery for colour
- 10 year Guarantee

Widths include measurement for bushes. Please note due to manufacturing tolerances width shown may vary by +/- 2mm.

## Connections

A set of connection fittings is provided for each radiator.

Each set comprises :

2 x R1¼ x R½ pipe connection bushes

1 x R1¼ plug (RH thread)

1 x R1¼ vent bush (LH thread) and R½ vent valve.

Radiators are normally installed with either BOE (bottom opposite end) or TBOE (top & bottom opposite end) connections. Unless notified at time of order, radiators are supplied with ½" BOE connections as standard. For installations with BOE connections, a diverter (supplied) should be fitted at the inlet connection for all radiators.

**IMPORTANT : Inspect the radiator for any damage before installing and filling with water.**

**BOE connections**

**TBOE connections**

# Colour and Finishes

Leoni is available in a selection of 26 RAL colours and 8 Special Finishes. Colour is hugely important in all of our home's décor. We all care greatly about the colour of our walls, so why not about the radiators that adorn them? When selecting a RAL colour or special finish we recommend that you always choose your final colour from one of our colour chips for the best representation of the colour.

*Please note that due to screen resolution and manufacturing tolerances, the colour (including white) of a finished radiator may vary slightly from the colours represented on the website. We strongly advise taking the time to order one or more of our colour samples, to ensure you choose the correct colour for your room and taste.*

It should also be noted the finished colour of radiators may slightly vary should they be ordered and painted at different times.

**Order a Colour Sample**

# Mounting Options

Help define the style of your Leoni radiators, by selecting an alternative mounting option to standard wall brackets.

## Wall Brackets

Wall brackets are our standard fitting option, they provide the flexibility to position your radiator exactly where you need it. Suitable for any interior scheme they provide clean simple lines and look particularly neat with pipe work coming from the wall.

## Slip on Feet

Slip on feet add a different dimension to a contemporary look and also work well when maintaining a vintage aesthetic. These simple to fit feet make installing your radiator easier and can be colour matched your Leoni Radiator.

**Please note:** they will add 100mm to the height of your radiator.

## Cast Feet

Leoni Floor Mounts work well if it is a more traditional look you are going for. These simple to fit floor mounts make installing your radiator easier and can be colour matched to your Leoni Radiator.

**Please note:** they will add 105mm to the height of your radiator.

# Accessories

Personalise your radiators by choosing from our range of radiator accessories. All of our accessories are designed to perfectly complement our radiators and are built to the highest standards in Italy.

## Hanging Bar

## Rota TRV Valves

## Pipe Covers
