Finishes

Overview

The Vettori Bordo Electric is a fully electric side loading towel rail, with 23mm round tubes. An impactful yet practical design it is stocked in white in a left-handed configuration and supplied with a white controller, right-hand options and colours will be made to order in 6 weeks. There are 4 available sizes, choose from 2 widths 500mm and 600mm with 4 heights.

Supplied with wall brackets, this bathroom towel rail matches the Vettori Designer radiator range.

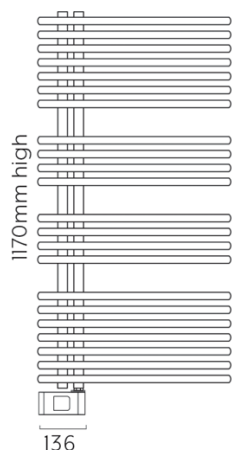

Italian design and manufacturing, the Vettori Bordo Electric are EcoDesign / Lot 20 Compliant. These bathroom towel rails are finished in a powder coat painted in White RAL 9016 as standard but come in a range of other RAL colours and Special Finishes. The Vettori Bordo Electric comes with a 10-year guarantee on the towel rail and a 2-year guarantee on the element.

- Optional remote control available

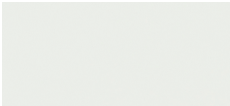

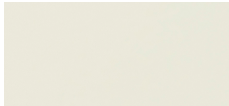

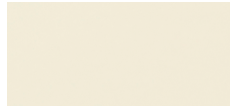

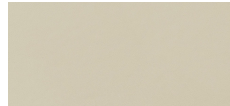

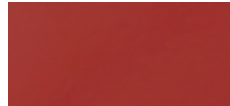

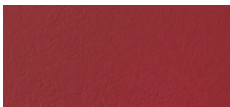

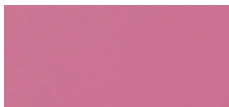

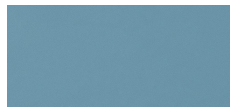

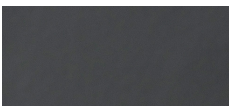

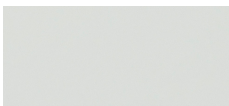

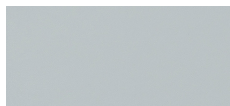

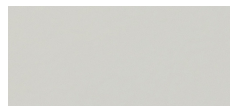

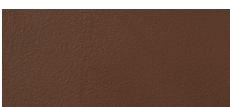

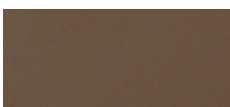

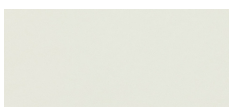

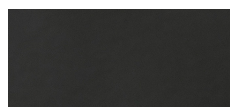

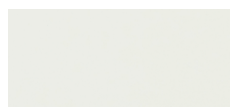

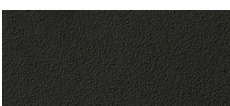

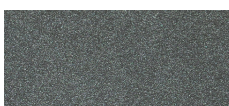

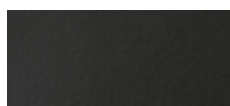

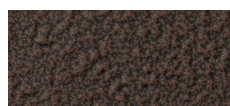

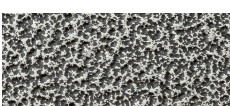

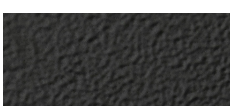

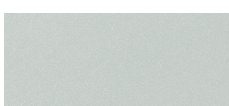

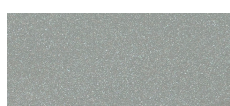

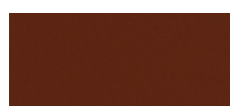

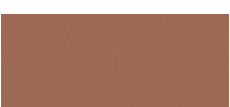

Optional Electric Remote Control

Colour and Finishes

The Vettori Bordo Electric is available in a selection of 38 colours and finishes. Colour is hugely important for our home's décor. We all care about the colour of our walls, so why not about the radiators that adorn them? When selecting a colour or finish we recommend that you always choose your final colour from one of our colour chips for the best representation of the colour.

Please note that due to screen resolution and manufacturing tolerances, the colour (including white) of a finished radiator may vary slightly from the colours represented on the website. We strongly advise taking the time to order one or more of our colour samples, to ensure you choose the correct colour for your room and taste. It should also be noted the finished colour of radiators may slightly vary should they be ordered and painted at different times.
