Overview

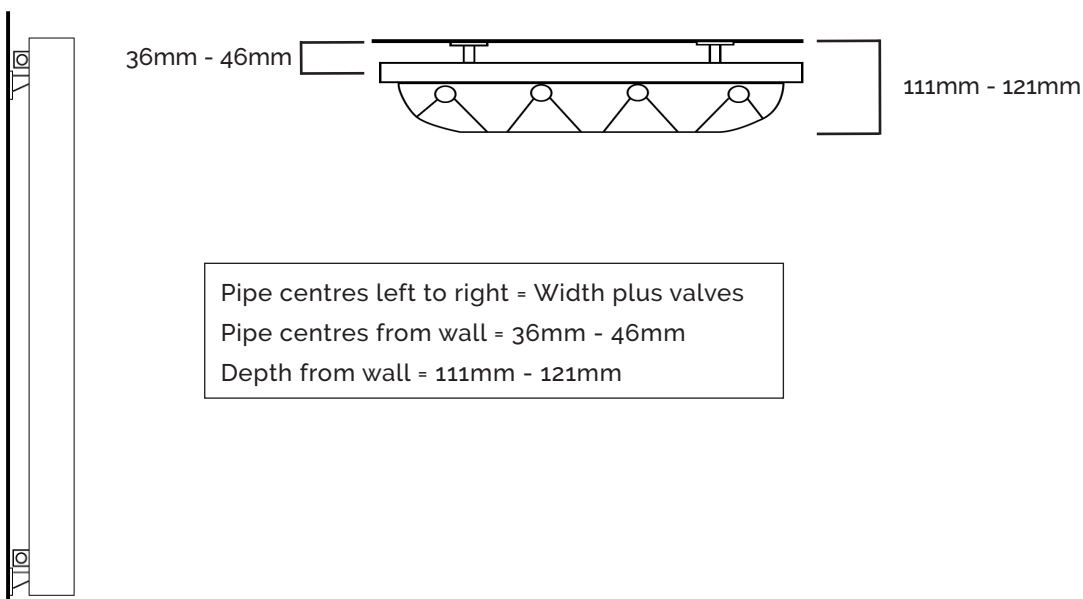

The Broetto range offers exceptional performance, and a contemporary style. Made from aluminium makes this one of the best radiators for efficiency, they are very responsive, heating and cooling very quickly which makes them easy to control and affordable to run. These radiators will suit minimalist, modern or even a 1920's deco style interior. Ideal for new homes, refurb or when using a renewable energy source, its smooth, flat design with deep curved sides means it works equally well in a most spaces. 4 horizontal and 4 vertical options to choose from.

Made in Italy, these radiators are manufactured and tested to EN442, powder coated in Matt White as standard but come in a range of other finishes and offer a 10-year guarantee.

- Italian design & manufacture
- 85mm extruded aluminium tubes with a curved edge
- 2 heights and 8 widths to choose from
- Textured Matt White as standard
- 53 colours and finishes available
- 48 - 72 hours delivery for white
- 8 - 10 working days delivery for colour
- 10-year Guarantee

Colour and Finishes

The Broetto is available in a selection of 53 colours and finishes. Colour is hugely important for our home's décor. We all care about the colour of our walls, so why not about the radiators that adorn them? When selecting a colour or finish we recommend that you always choose your final colour from one of our colour chips for the best representation of the colour.

Please note that due to screen resolution and manufacturing tolerances, the colour (including white) of a finished radiator may vary slightly from the colours represented on the website. We strongly advise taking the time to order one or more of our colour samples, to ensure you choose the correct colour for your room and taste. It should also be noted the finished colour of radiators may slightly vary should they be ordered and painted at different times.
